STATE TEACHERS COLLEGE-CALIFORNIA, PA.

... WE BUILD FOR THE FUTURE ...

FOREWORD

Once again we welcome you to the California State Teachers College Monocal.

Through words and pictures the staff has tried to give you an overall view of the year's events.

The theme of progress has been used to emphasize the many advancements which are taking place in every phase of our college life. By contrasting the old and the new we have also attempted to show the progress that has been made through the years.

This is your book. We hope it will recall many of the happy memories that have filled your college years.

Twin Tower of Main Hall

Main Hall, the oldest building on campus, was first used in 1870. The various administrative offices—including the business, general, president's and dean of men and women's offices—are located in this building. Adjacent to Main Hall, is South Hall, which was built in 1876. It has been completely remodeled and houses the Visual Aids Department, and dormitory rooms for women. The president's residence occupies the front portion of this building.

President's Message

The year 1958-1959 brought a significant record of progress and achievement to the State Teachers College at California. The progress reflected much needed expansion and improvement, and enhanced the college's position substantially. It also opened the way for future progress by promoting an extensive program of building construction and plant renovation, improvements in instruction and curriculum, upgrading scholarship and admission standards, and strengthening pupil personal and professional services.

The college is committed to the fact that the progress must keep pace with the dynamic needs of our vastly complex and accelerating society. The students must receive the full

benefit if the progress is to have special significance. The students must have the assurance that all progress will be best manifested through an improved and more effective teacher education program.

The college staff sincerely believes that the progress will be helpful toward fulfilling its obligation to the Commonwealth by preparing more competent teachers for the classrooms and contributing members to this important and honorable profession.

The college fervently hopes that all your future years will be most fruitful of the efforts, vision, knowledge and leadership achieved at California.

Dr. and Mrs. Duda, and daughter, Karen

Student Teaching

Each semester a corps of students, who have qualified for student teaching, are sent out to the public schools of the surrounding territory to receive some actual experience in teaching. The students are placed in the schools according to the field of education in which they have majored. These are Elementary, Secondary, or Industrial Arts. The college requires each student to complete one semester's work of student teaching in the public school to be eligible for graduation. Along with receiving much valuable instruction the student teacher has a most enjoyable and profitable experience.

Caught From Behind

Anything that could be written in the next few paragraphs could not begin to describe or illustrate the 1958 edition of the State Teachers College Conference Champions, the only undefeated team in Pennsylvania, and one of the fourteen undefeated small colleges in the nation—California State Teachers College Vulcans.

The pigskin wonders started off their fabulous season against their arch rivals from Indiana. Turning a pair of fumbles into T.D.'s, our Vulcans copped their first win 13-0. The Bald Eagles of Lock Haven offered the Vulcans their next opposition, and C. S. T. C. Dads went home happy over a 20-7 victory. The following week end saw our team traveling to far away Shippensburg. This was to be California's big test, and they handed in a perfect paper, blanking the Red Raiders 19-0 and outgaining their opponents on the ground, 275 yards to 74. Headlines told the news; California, for the first time in Conference history, took sole possession of the Conference lead. At the time it was also announced that the Vulcans had filled their schedule by contracting Susquehanna University to fill an open date. To climax one of California's biggest and best Homecoming Days, the Vulcans tallied four times in the second half to annihilate the Rockets of Slippery Rock, 34-6, before an enthusiastic throng of more than 4,000

fans. California partisans were thrilled by the spectacular ball handling of Sophomore Quarterback, Tony Soukovich; the outstanding running of halfbacks Phil Clifford and Carl Trimber; and also the fantastic defensive eleven who, thus far, held their rivals to 2 T.D.'s in the four games to date. Seven days later the Vulcans tacked on number 5 at the field of the Clarion Golden Eagles. Trimber and D'Arrigo paced the field to lead their squad to a 28-0 victory. Now came the real test, the long trek to Susquehanna to play the first non-conference game. Vulcan fans were again thrilled as their boys smothered their N.C.A.A. opponents, 32-12. The fever was now running at a torrid pitch. Six straight victories . . . Would we go all the way? ?? This was the question on the lips and in the minds of everyone as California journeyed to cold and blustering Edinboro for their last conference game. After a scoreless first half, Phil Clifford

broke the scoring ice as California fans shrieked with joy. Headlines now read:

"Cal. Teachers Grab 7th Straight; C.S.T.C. Can Cop S.T.C. Conference Crown if Indiana Loses Next Week to Clarion." They did, and on the same day California wound up a perfect season by crunching W & J, 41-6.

Coach Nemeth was named "Curbstone Coach of the Year," Phil Clifford and Carl Trimber were acclaimed the scoring leaders of the S.T.C. Conference and also of Western Pennsylvania. Don Skupinsky was named the best punter of the N.A.I.A. Cal. Teachers was rated by Litkenhous as being a better team than Yale; all of this, plus the fact that California State Teachers College Vulcans were undefeated Conference Champions for the first time in history, made the 1958 football season at C.S.T.C. one that will never be forgotten.

Basketball

This year's basketball season cannot be counted as a memorable one from a winning standpoint, but certain phases of it are likely to keep C. S. T. C. fans buzzing even when greener seasons come along. The triple overtime win over Clarion will surely be recalled as one of the most exciting basketball games in our hardwood history. Scoring stars Hotz and Rager are also unlikely to be cast early aside, for their names graced the state teachers college conference records as first and eighth, respectively, in the state scoring records. Hotz, who last season broke the conference scoring record, finished his final college game by bettering his year-old high with a record shattering 330 total, topping the former by 35 points. The lanky senior scored a total of 1,025 points in four years of conference play. His 47 points in his final game tied a conference record and set a new Herron Hall high.

Forming the nucleus of next year's team will be Kenny Rager, Harold Fuge, juniors; sophomores, Jim Husk, Don Skupinsky, Jim Douglas and George Zober; and freshman, Ray Johnston, Ewing Bell, Frank Krevetski, Jim Nolder, Ed Zanlocki, Joe Obusek, John Jones, and Walt Cesceretti.

The C.S.T.C. wins this year were tallied against Edinboro, Shippensburg, Clarion, and Slippery Rock. The 4-16 record, however, doesn't reveal the contests that were hotly contested and, with a few breaks, could easily have been swayed the Vulcan way.

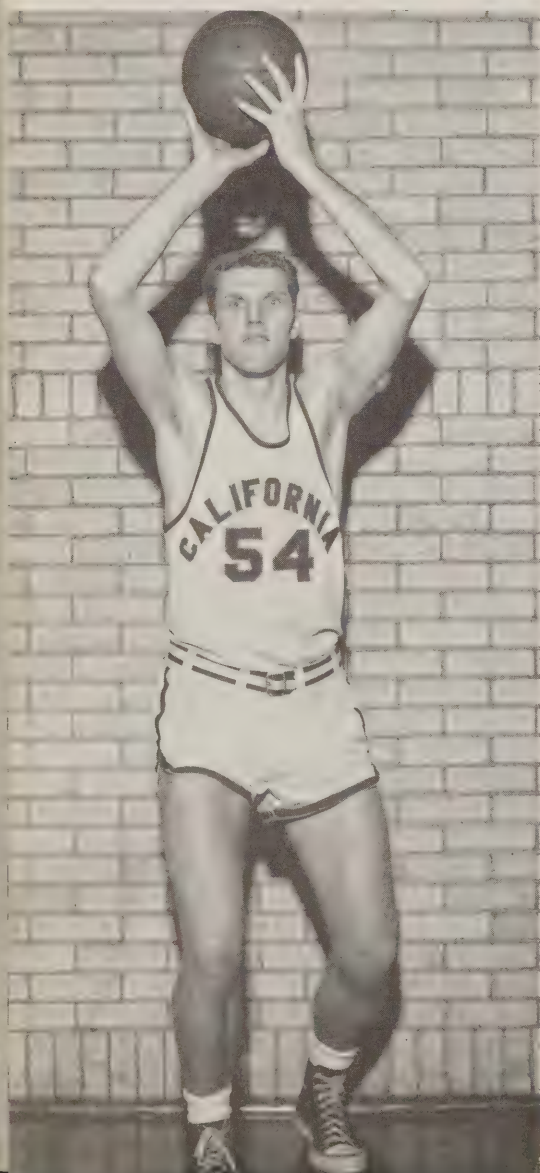

Coaching this 1958-59 edition of the college team was Eugene Hester aided by George Zemo. Next year the coaches will have to look for a two-some to fill the gap left by graduated Roger Hotz and Denny Kuremsky, but with three starters remaining, and a host of eager undergraduates to bank on, the 1959-60 winter sport season should be highlighted by an exciting display of hard fought hardwood tangles.

Coach, Paul Ross

Under the direction of their new coach, Paul Ross, the Vulcans came through last season with a three win and four lost record. The three wins registered by the team were conference matches and gave the Vulcans the S.T.C. Tennis Championship. Only seven matches were played for the two scheduled matches with Fairmont College were rained out. Denny Kuremsky, Roger Hotz, and Jim Adamson ended the season with identical records of four wins and three losses. Jack McKay broke even with three wins and three losses. Other lettermen for the Vulcans were: Tom Salopek, Bob Zoppetti, Bob Walker, Ron Remy, and Bill Fiscus. With three of our all court men returning next year, prospects for a winning season and another S.T.C. Tennis Championship can be considered excellent.

Monocal

The Monocal is the college yearbook which is published annually by the students. The members who work on a voluntary basis, must have the capacity to visualize, direct, manage, write, and edit. The production of the yearbook is a challenge to every member. Organized into three staffs—the literary, the organization, and the typing—the students have relinquished much of their free time throughout the school year, and have devoted their energies toward presenting a book in which they have much pride.

Thanks . . .

We would like to take this opportunity to give special thanks to our photographer, Damon Turek, who is responsible for taking and developing the majority of the photos used in this book. Damon gave freely of his time, effort, ideas, and skills, so that our book could present a lifelike representation of our college and its students. Without his valuable contributions this book would not have been possible. Thank you, Damon, for an outstanding job.

Industrial Arts Leader

The Industrial Arts Leader is a newspaper published twice a year by the students of the industrial arts department. It was organized in 1934 to inform the industrial arts students, faculty members, and alumni, of the activities of the department and developments occurring in industrial education. Staff members perform all the functions of newspaper work in the composition of the material and also the actual "press work," under the supervision of Mr. Anthony Stavaski.

Vulcan

The Vulcan Handbook is published once a year and is distributed to faculty and students upon registration in September. This book provides a concrete and accurate source of information concerning customs and regulations of the college, and a calendar of events and activities for the year. Membership consists of eight members—two from each class selected by work previously done on other publications.

Student Cabinet

Student Cabinet, which is composed of twelve members elected from Student Congress, is an executive committee of Student Congress. It has no real powers of its own but submits recommendations concerning policy and action to Congress. The cabinet accepts requests for allocations from member organizations, holds budget hearings, and submits a list of allocation to Congress for its approval. The group works with the administration and enjoys complete freedom in making suggestions on matters that are beneficial to the college in general. The sponsor is Frank Lenox.

Student Congress

Student Congress is the legislative branch of the Student Activities Association. Its main purpose is to enact legislature that is necessary for the welfare of the student. It has representatives from each class and each recognized extracurricular organization on campus. The presi-

dent of Student Activities Association is also a member. It is the duty of Student Congress to grant allocation to various recognized organization and to sponsor such activities as campus elections and Freshman Customs. The sponsors are Frank Lenox and Clyde Martman.

Committee on Social Activities

The Committee on Social Activities is an organization which instigates and sponsors student activities not directly sponsored by other organizations. Such activities as the College Mixer, Turkey Trot, and Recovery Dance have added much to the social life of the college. Previously dull weekends are enlivened by weekend dances held in Vulcan Lounge. Its special features, which include the Homecoming Parade, Twirp Time, Spring Carnival and such events as Calypso Room and El Rancho, always receive the full support and appreciation of all the students. The sponsors are Frank Lenox, and Lela Hamilton.

Student Activities

The Student Activities Association regulates student activities and maintains a democratic student government. The membership of the Student Activities Association consists of all regularly enrolled students who carry ten or more credits. Its officers are elected by all students on campus. The president of this organization arranges for collection of tickets at all college functions and calls an assembly if a problem of general concern to the student body arises. The sponsor is Frank Lenox.

Landscape Committee

Organized in 1952, the Landscape Committee acts as an advisory group to the President of the College in matters relating to the improvement of the college through landscaping changes. Mr. Duda appoints the members of this group which meets twice each year. The chairman is John Lewis.

Seated: John McCallum, Lucille Coursin, Barbara Carson. Standing: Benny Goodman.

General Safety Committee

It is the duty of the General Safety Committee to recommend and enforce improvement relating to fire prevention, drills, and equipment; civil defense regulations; traffic safety; pedestrian safety; health; and building construction. The members—several administrative officers, faculty members, employees, and students—are appointed by the president of this committee.

Dining Hall Committee

The Dining Hall Committee was organized this year to promote a better understanding between the new catering service and the student body. They put forth much effort to carry out student suggestions for improving conditions in the dining hall.

The members, who are chosen from Student Congress, meet each month with Dr. Duda and Miss King, who are the advisors of the committee.

Jazz Club

Jazz Club was organized in 1957 for any student interested in learning more about jazz music. Purpose of the club is to help the student gain a better understanding of jazz. Jazz is a cultural American art form, and it is the goal of the club to have this information carried to students in public schools by the potential teachers in the club. The sponsor is George Zemo.

Rifle Club

Small bore target shooting is the interesting recreation of members of the Rifle Club. Each member is obliged to engage in target practice once a week for rifle matches which are arranged each semester. The sponsor is Harry Monroe.

Biology Club

Seated: Ed Zaharewicz. **Standing:** Tom Messher, Peggy Roncadori, Dr. Anderson, sponsor, Richard Dillon, Louis Gillis, Joyce Dobrunick.

Biology Club

The Biology Club stimulates interest in original investigation concerning the problems of biology. The members work on problems of individual interest, devise and carry out original investigations, analyze experimental results correctly and report their findings accurately. Each year the club plans two general seminars. The sponsor is A. H. Anderson.

Chemistry Club

Any student interested in chemistry and science may become a member of the Chemistry Club. The purpose of this club is to increase the knowledge and understanding of science in general and chemistry in particular. At the meetings members discuss current events in science and participate in experiments. The sponsor is J. Robert Craig.

The College Choir and the Glee Club meet regularly for the purpose of practice in the art of choral and group singing and song interpretation. Successful applicants for membership, selected by a try-out in the fall, must possess pleasing voices and must be able to demonstrate their ability to read music of moderate difficulty.

The members of these music groups have an opportunity to help plan programs and to conduct large and small ensembles. Their activities, along with off-campus appearances, include Dad's Day, The Christmas Program, The Spring Concert, and many others which help to create better public relations for the college.

We are sorry that the College Choir picture could not appear in the yearbook.

Delta Zeta

Delta Zeta is California's first national social sorority. It became national on November 15, 1958, and was organized to develop and cultivate lasting friendship among the women students at California. In order to be eligible for Delta Zeta, a girl must show high qualities of character, scholarship, and leadership. The final selection of new members is made by a vote of the entire sorority. This year's activities included a Homecoming float, Christmas party, and Easter project. In October 1958, Delta Zeta became the sister sorority to Tau Kappa Epsilon, California's national social fraternity. The sponsor of Delta Zeta is Miss Louise Davis.

Tau Kappa Epsilon

Tau Kappa Epsilon members, proud of their position as pioneers in the fraternity movement at California, have worked hard this year to make their new venture a resounding success.

Social and service activities of TKE included rush parties, Hell Week, and Christmas charities. Their Spring Carnival and Hanging of the Greens displays, plus their prize winning efforts in co-operation with Delta Zeta, and Gamma Pi Chi at Homecoming enhanced their status among campus organizations.

The Teke brothers can be identified on campus by their navy blue blazers and triangular pins. They hope, by their example, to set a trend toward a better campus social life for all.

Kappa Delta Pi

Kappa Delta Pi, the honorary educational fraternity, was organized in 1941. The motive of this organization is to encourage high professional, intellectual, and personal standards and to recognize outstanding contributions to education. Members are pledged once a year on basis of commendable personal qualities, worthy educational ideals, and sound scholarship. The fraternity participates in many activities during the year under their sponsor and advisor, Cora Coover.

Phi Sigma Pi

Phi Sigma Pi, Kappa Chapter, was organized in 1930 in California. It is a national honorary, scholarship fraternity for men in the teacher education institutions. Qualifications for election of members include high scholarship, worthy interests and ideas, with an intent to make teaching a life's work. They aim for high ideals and interests in the work of education. The year's program includes four professional meetings and four social meetings, representation at the national convention, and an annual banquet to which the alumni of the fraternity are invited.

Alpha Psi Omega

Alpha Psi Omega is a member of the Beta Omicron Chapter, the national honorary dramatic fraternity. Its exacting qualifications necessarily limit the membership. It is through this organization that the college students who are talented and extremely interested in dramatics gain added advantages and wider interests in this field. The first step in becoming a member is to gain membership in College Players, which is open to all students. This honor society is sponsored by Marian Weaver.

College Players

College Players is one of the largest organizations on campus. The purpose of this group is to provide training and stimulate interest in the theatre. College Players presents two major productions each year in addition to Open House, which is a dramatic program presented to students of local high schools. The sponsor is Louise Davis.

Half-time ceremonies

MAJORETTES

The majorettes, under the leadership of Mary Jane Biddle, put on many spectacular half-time performances this football season. The work that they must do in order to entertain the people is more complex than it appears to be. It means long hours of practice to perfect their timing and learning new steps for the various shows.
